

Before Entering

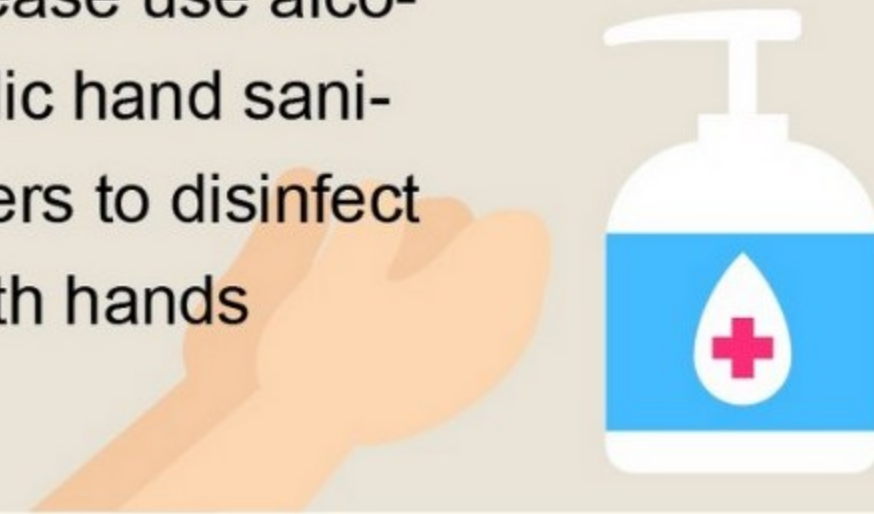

Audience should line up at designated area, with an arm's length apart, before entering to facilitate the implementation of the prevention measures

All personnel must wear face masks, receive temperature check and present their "Health Code" for inspection. Only those with temperature below 37°C and the "Health Code" indicated as green (entry permitted), can enter the venue

After Entering

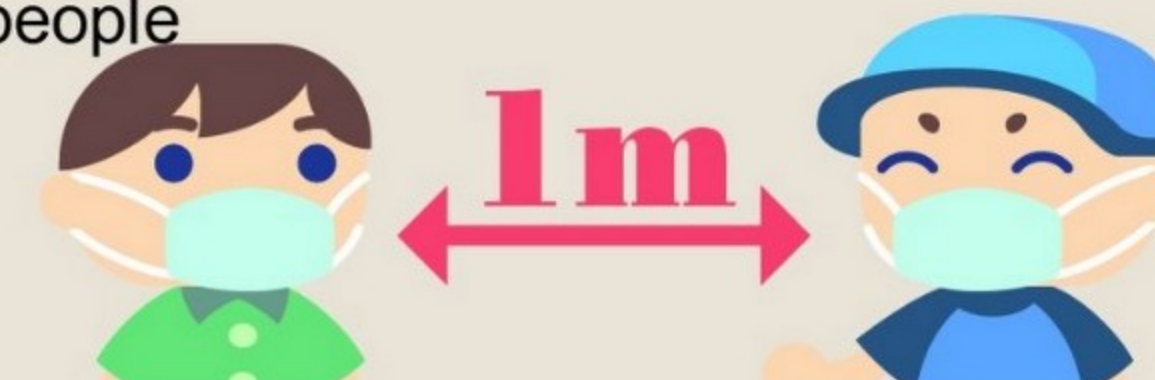

Please use alcoholic hand sanitizers to disinfect both hands

Please wear masks at all times

Avoid gathering. Please maintain a social distance of at least 1 metre with other people

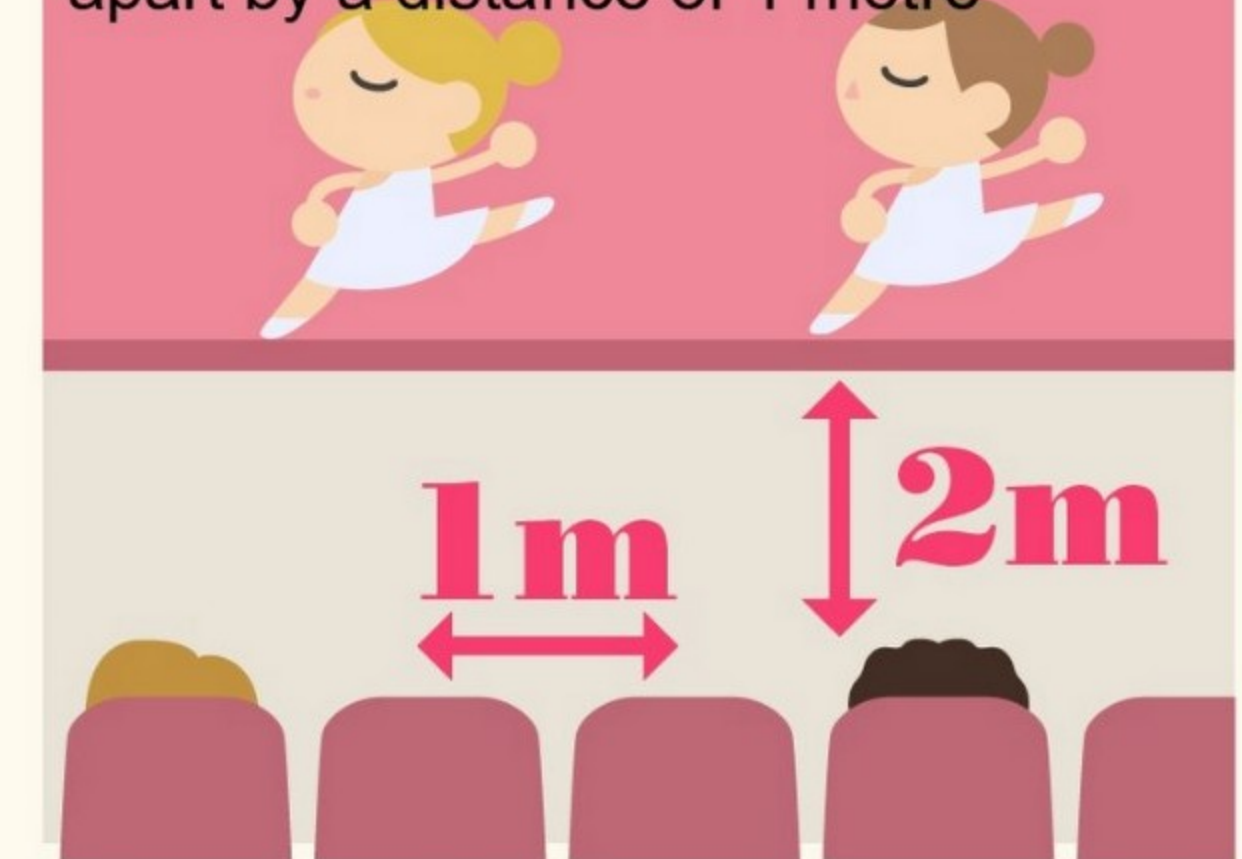

Please maintain personal hygiene. Eating and drinking is not allowed in the venue

After the activity ends, please do not stay behind and leave the venue in an orderly manner with distance apart

Venue arrangement

A distance of at least 2 metres must be maintained between the audience and the outer ring of the stage. The number of audience seats should not exceed half of the total number of available seats. Seats are separated apart by a distance of 1 metre

For venues with more than one theatres, in order to reduce crowd gathering and avoid large-scale hording between the theatres, show time of different performances should be staggered

The audience can enter the venue 45 minutes before the performance
